Hi Arbour Lake Residents!

### Spring is Here!

The lake is now open for fishing! Boats will not be allowed on the lake until the water temperature is consistently above 10°C. See our website for information on the lake status or call the office if you have any questions. This is a reminder that flagpoles are located around the lake and at the front entrance.

### What Do the Flags Mean?

Red flag = Full closure.

Yellow flag = Partial closure. Contact the lake office or check the website for updates.

Green flag = Open.

### Lake Fees

Arbour Lake annual fees are overdue as of February 1, 2023. If you have not paid your fees yet, be sure to do it soon, as interest is accumulating on your overdue balance at the rate of 18% per annum, compounded monthly. Please be advised that this fee is mandatory, and you cannot opt-out of paying it. Your access to the lake is also currently denied until your fees are paid in full. Fees can be paid in person at the ALRA office by cash, cheque, debit, Visa, or MasterCard (there will be no additional charges if you pay by credit card). Fees can also be paid through online banking by adding Arbour Lake Residents Association as a payee and using the account number listed on your invoice; if you are not sure of your account number, contact the office and we can assist you.

## Fishing is Catch and Release Only!

At this time, only catch and release fishing will be permitted at Arbour Lake, until further notice. There will be no keeping of any fish of any kind or size! This is a result of Alberta Environment and Parks shutting down all fish stocking within the bow river drainage area, of which Arbour Lake is included. Due to whirling disease found in the Bow River and commercial fish culture operations no fish may be kept. Any fish that cannot be returned to the water, must be surrendered to a staff member.

More information regarding whirling disease can be found at <http://aep.alberta.ca/fish-wildlife/wildlife-diseases/whirling-disease/default.aspx>.

### Fishing

- May only be done from the designated fishing docks.
- Hooks must be Barbless and egg hooks are not permitted. No Triple hooks are to be used. This ensures the survival of released fish.
- No live bait, corn, bread, minnows, smelts, fish or nets may be used to catch fish.
- Only one rod per resident may be cast at any one time and fishing lines must be attended to at all times.
- Random tackle box, bag and hook checks will be performed to ensure all Rules & Regulations are being followed.

## NOTICE

You CANNOT use live bait, corn, dough, bread, minnows, smelts, fish or nets to catch fish.

You CANNOT use barbed hooks, triple hooks or egg hooks!!!

**CATCH AND RELEASE ONLY**

**THIS IS FOR ALL FISH OF ALL SIZES AND KINDS!**

Injured fish that cannot be returned to the water, MUST be handed over to a staff member for disposal.

## Eutrophication

Here is some information on how important it is to be careful with how much fertilizer you use on your lawn. When you use too much fertilizer on your lawn, the excess nutrients are carried away by the rain and other forms of irrigation. The nutrients mix with water and find their way into our beautiful lake. These nutrients cause the algae and plants in the water to multiply rapidly, creating an algae bloom. This excessive amount of algae prevents sunlight from reaching the bottom of the lake. The plants lacking sunlight will die at the bottom of the lake where decomposers will use up the oxygen. When a bloom occurs, there is too much organic matter ready to decompose and all the remaining oxygen in the water is used by decomposers to decompose dead plants. This can cause all our fish to suffocate from the lack of oxygen. With your help in preventing the overuse of fertilizer, we can work together to keep the lake healthy and beautiful for all residents to enjoy.
