GENERAL MANAGER'S MESSAGE

Dear WHCA community members,

I hope this message finds you all well. After careful consideration and reflection, I have made the decision to resign from my position as General Manager at West Hillhurst Community Association, effective Friday, February 2, 2024.

It has been an absolute privilege to serve as a member of the WHCA team for the past nine and a half years. During my time here, I have witnessed tremendous growth and success, and I am grateful for the opportunities that this organization has provided me. I have had the pleasure of working alongside extraordinary colleagues who have not only become friends but also mentors in various aspects of my professional journey.

While it wasn't an easy decision for me to make, I firmly believe that it is time for me to embrace new challenges and explore fresh avenues for personal and career development. As the GM, I aimed to contribute to the company's mission by implementing strategic initiatives and fostering a positive work culture. I have always prioritized the success and growth of WHCA, and I am confident that the foundations we have laid together will continue to bear fruit under the competent leadership of the existing team.

I would also like to extend my sincere gratitude to you, the management team, and every member of WHCA for the trust, guidance, and support that I have received throughout my tenure. I will cherish the memories and experiences I gained here as I move on to new endeavours.

Thank you once again for providing me with an exceptional professional journey, and for understanding and respecting my decision to resign.

Yours sincerely,

Bryan Polak

News from the Friends of Nose Hill

by Anne Burke

As many of you are aware, there is an annual global community science competition which documents urban diversity in 460 cities.

Find Wildlife. Take a Picture or Record. Share! Public bioblitzes are held across Calgary with local stewardship groups. The challenge engages citizen scientists in finding and documenting plants, animals, and other living organisms in urban areas. Since parks are for everyone, use only designated pathways and trails. Respect wildlife and keep your distance. Use designated garbage bins. Keep dogs leashed and pick up after them. Respect other visitors.

The 2023 City Nature Challenge involved taking pictures from April 28 to May 1, and then identifying them. In all there were over 1.8 million observations, nearly 58,000 species, and 66,394 participants. For example, Urban Bee Flies were among one of the species identified and they are important pollinators in Calgary. One of Calgary's most observed butterflies, in spring and fall, was the Mourning Cloak. Common Greenshield Lichen and Red-stemmed Feather Moss were also observed in Calgary. A Water Strider was observed in Bowness Park. A Boreal Chorus Frog was also observed in a threatened wetland of Calgary. The Canada Goose in Calgary's urban ecosystem was also observed. An Orange-Crowned Warbler in Weaslehead Natural Area was also identified. Find pictures of all these species and more at www.citizenblitz.ca/.

Yes, the City Nature Challenge will take place again this year. The dates for the event are April 26 to April 29: Taking pictures of wild plants and animals. April 30 to May 5: Identifying what was found. Canadian and global results will be announced on Monday May 6, 2024. This will be the sixth year for Calgary Region participation and there are awards for the top cities. It can be any plant, animal, or any other evidence of life found in the City. Take a picture of what you find or record a sound. Be sure to note the location. Share your observations. The set up for the project page, working with the global organizer team for materials, and more can be found at: www.inaturalist.ca/projects/city-nature-challenge-2024-calgary-metropolitan-region.

Spring is in the air!

Another month full of excitement and learning has passed at the preschool! We had so much fun exploring our construction topic and spreading love on Valentine's Day. During this time, we emphasized the importance of being a good friend by nurturing skills like cooperation, sharing, giving compliments, and offering apologies.

For our construction topic, the children had a blast constructing their very own class city, complete with roads, houses, and road signs. We also took a virtual tour of famous structures worldwide, including The Great Wall of China and the Pyramids. Our class construction site became a hub of creativity and play, with the children enjoying the construction vehicles and learning catchy songs about building.

As we step into March, get ready for even more exciting projects! Our focus will shift to animals, particularly those associated with new life and spring. We'll dive into the wonders of the animal kingdom, exploring their fascinating characteristics and habitats. Additionally, we'll celebrate St. Patrick's Day and delve into the customs and traditions surrounding this joyful occasion.

Get ready for a month filled with exploration, creativity, and fun! We can't wait to see the little ones thrive as they continue to learn and grow together.

The West Hillhurst Community Preschool is a place where kids play, grow, and learn. We offer morning and afternoon classes for three to five-year-old children in both English and Spanish in our bright and inviting classroom on the second floor of the West Hillhurst Community Centre. General registration is open. For more information, please visit our website at www.westhillhurstpreschool.com.
